General terms and conditions outside germany (delivery and payment conditions)

All items are invoiced in **EUR (€)** exclusively. All mentioned prices are net prices excluding Germany-VAT for the first license usage. In Germany software is subject to a VAT of 19 % at present. Outside the Germany without VAT and the software is invoiced net by download the software.

In case of a multiple user installation the price for the second PC is 50% and from the third PC 25% of the first license.

Universities and institutes can receive a free version of AQUA-Selekt 4.x and AQUA-WertMin 6.x for training purposes.

The delivery of AQUA-Selekt 4.x and AQUA-WertMin 6.x includes a comprehensive program manual as online help and print version.

AQUA-Selekt 4.x and AQUA-WertMin 6.x can be downloaded as shareware (trial version) from our website. The program is activated after receipt of payment by email or fax. Therefore please fax the completed „Request license code“ (see help menu) or send it as PDF-file by email.

AQUA-Selekt 4.x is delivered as of July 2007.

Upon request and after consultation, the programs can be installed. The costs for the installation will be charged separately. Our terms of payment for the software are subject to our offer and the contractual agreement. All property rights remain with the SV-Büro Jansen pursuant to the license agreement. SV-Büro Jansen agrees to clear any faults that occur within six (6) months free of charge for the licensee.

MS-Access 2003 is required as runtime environment for AQUA-Selekt 4.x and for AQUA-WertMin 6.x MS-Access 2000. After the release you can download the required MS-Access 2000 and 2007 Runtime from our FTP-Server free of charge.

Installation and Training

The installation and/or training costs are calculated on a time basis:

- per system engineer and 8 hours per working day 1,000.00 € (net)
- per system engineer and hour 125.00 € (net)

Travel time is calculated as working time. Travel expenses are not included and will be charged separately.

Service and Maintenance

Maintenance fees will be calculated annually in EUR (€) as percentage of the net list price. The maintenance support can only be ordered for all programs and the maintenance fee includes the use of the support forum with internet hotline as well as the individual support over our FTP-Server as well as telephone, fax, email and mail.

The maintenance contract starts with the activation and remains valid for one year. It automatically extends by one year if not terminated at least one month prior to the expiration of the contract by one of the contractual parties.

Software leasing

The full version of AQUA-Selekt 4.x and AQUA-WertMin 6.x can be leased for a period of 30 to 360 days (in 30-day periods). Any prior termination is not possible. The lessee acquires the right to use the software only for the agreed period. The software remains the sole property of the lessor (SV-Büro Jansen). During the leasing period service and maintenance and support forum with Internet hotline are included. The software is only activated for the agreed leasing period.
